HOW TO USE THIS GUIDE

The Sonoma County Homeless Resource Guide lists free and low cost services to help those struggling with homelessness to find shelter, food, health care, financial assistance, housing, employment, disability services, and more.

Each section covers a specific type of service. Agencies in each section are listed alphabetically by location. Services open to all county residents are shown first under the heading "Countywide". Most of these are based in Santa Rosa. Programs for residents of a particular area are listed in that city or region (e.g. Petaluma or West County). The Index lists agencies in alphabetical order. When agencies offer multiple services, we've referred to the pages where their listings appear.

**Updates to this guide are available
at
www.sonomacountyhomeless.org**

Please dial a '1' before numbers that begin with 800, 855, 877 or 888.

To find additional information & referral resources in Sonoma County, call 2-1-1 or 800-325-9604 to speak with a volunteer, or visit www.211wc.org. Se habla español.

The Sonoma County Task Force for the Homeless is the countywide nonprofit coalition of service providers, businesses, community and religious organizations and individuals – both housed and homeless – working since 1981 to end local homelessness and assist people who've lost their homes. We are a leadership resource, bringing the community together to fill service gaps, and convening cooperative interdisciplinary projects such as the Health Care for the Homeless Collaborative to assure access to integrated care. We offer countywide services such as our Winter Warmth survival gear clearinghouse and this Resource Guide. We inform and involve the community through monthly public meetings, our website, newsletter, speakers and the media. We administer federal Emergency Food & Shelter Program funds going to local agencies, and lead Advocacy efforts for policies, projects and resources that help end homelessness. (Also see page 6)
